After breakfast our half day tour has us leaving the resort at 9.00am to discover some of the delicious Mauritian delights including Vanilla, Rum and Tea. En-route we make a memorable visit to **Joix De Vivre School in Chemin Grenier**. Run by volunteer teachers, the school was opened in 1989 by Sr Maria Luisa Guitierrez with the assistance of Mirella Chaton, for the purpose of taking care of the local children and to give them basic education, keep them from the dangers of life on the streets but also help and give them the opportunities that we often take for granted. We meet up with Frances Townsend for a general overview and talk of the impact the Trade Travel Tour Club visits have on the Joie de Vivre school project initiatives. We then share an **emotional interaction with the local children**, which is sure to provide us all with lifelong memories. *This is a great opportunity to give back to the school with much needed school funds.* Next stop is **Saint Aubin House**, which was built in 1819 and which has been home to several managers of the sugar estate, before being renovated in the 90's in order to preserve a part of the Mauritian heritage. Today one may still see the beams and ship poles used in its original construction. The estate produces sugar cane which is then processed to make sugar as well as delicious rum. Our tour takes in the **Rum House, Vanilla House, Anthurium Greenhouse, Saint Aubin House** and the surrounding tropical gardens. Then it's back 'home' to our resort for lunch and a leisurely afternoon. We might explore the magnificent beach, book in for a spa treatment, check out the many facilities and activities, **or just relax poolside as we work our way through the complimentary food and beverage list** – all part of our 'full board' inclusion.
